

Establish Bridgeheads On Vesle River

ALLIES FIND THAT GERMAN RESISTANCE IS STIFFENING

French Patrols Which Crossed River at Several Places Report Enemy Still Has Large Forces on North Bank of the Vesle.

TAKE 1,500,000 LARGE CALLIBRE SHELLS

(By United Press.)

With the French Army in the field, August 5—2:30 p. m.—German resistance is stiffening all along the Vesle.

French patrols which crossed at several points bearing machines and large supplies of grenades, reported there are indications that the enemy still has large forces on the river.

The Germans are employing artillery freely to harass the allied troops.

Muizon, five miles west of Rheims, was disputed hotly but the Germans were pushed back and the French threw small forces across the river there.

Violent fighting occurred at Vautter farm and a station near Rheims, but the Germans were unable to recapture them.

French artillery heavily shelled a large concentration of Boche troops in the region of St. Thierry, three miles northwest of Rheims.

With the American Army in France, August 5.—German artillery has opened up on the American line and roads more vigorously than for the past two days and there is machine gun activity from about the region of Fismes, now in the hands of the Americans, indicating the enemy may possibly plan temporary resistance there.

American patrols are across the Vesle. After the Americans took Fismes, other United States troops moved northward.

They marched steadily through a downpour of rain Saturday night and Sunday and spent most of the day feeling out the Boche position in an effort to establish contact.

Late in the afternoon the German artillery began violently shelling the Americans. Whether the enemy intends to make a stand or withdraw his artillery further, it is impossible to guess at this time, but American officers believe the Germans must now retreat beyond the Aisne.

American casualties during the past 48 hours have been amazingly slight, considering the depth of the advance. The advanced stations are empty, the doctors idle and ambulances lined up with the drivers resting.

1,500,000 Shells Taken

Paris, August 5.—Allied troops have established two strong bridgeheads at the north bank of the Vesle, one three miles west of Fismes and the other six miles east of Fismes. The German losses in the Fismes region have been severe. Included in the material captured by the allies are 1,500,000 shells of large calibre.

Since July 15, Von Hindenburg

GERMAN LOSSES IN DRIVE PUT AT 400,000

London, August 5.—German losses since July 15, the date when the Crown Prince began his last drive, were unofficially estimated today at from 300,000 to 350,000, of which 40,000 are prisoners. Allied losses are certainly much less.

LIMITED SERVICE MEN GO SUES HER SOLDIER HUSBAND

Harley Frazier and W. F. Burton Leave For Syracuse, N. Y.

Two more limited service men among the Rush county registrants were to depart this afternoon at 3:30 o'clock over the C. I. & W. for Syracuse, N. Y., where they will be trained to serve in fire and guard companies at embarkation ports. Harley Frazier and William F. Burton filled this quota.

The next quota from Rush county leaves Wednesday when Carl Vannatta, Roscoe McDaniel and Ben Osterling will entrain for Fort Thomas, Ky.

Edna M. Cecil Files Suit for Divorce From C. W. Cecil.

Edna M. Cecil has filed suit for divorce in circuit court from Charles W. Cecil, who is now in the military service, having been inducted into the spruce production division of the aviation corps at Vaneouver, Wash. She demands the custody of their child, who was born in November, 1916. They were married Sept. 16, 1915 and the complaint alleges Cecil abandoned his wife before the child was born. Mrs. Cecil was denied a divorce from Cecil once before.

CO. B MOBILIZED YEAR AGO TODAY

First Anniversary of Mobilization Finds Numerous Members of Unit in French Battle Line

DAY OBSERVED IN INDIANA

Which Marked Simultaneous Orders For All Indiana National Guardsmen to Take Federal Oath

A martial spirit held sway in Rushville a year ago today when old B company of the fourth Indiana received mobilization orders and marched into their first training quarters which were hurriedly equipped at the Rush county fair grounds.

The oath of federal service was taken by the entire company at the court house early in the morning, immediately after which, the company entered their first march to camp, and took their first lessons in the meaning of military discipline. Although the company was organized early in the spring of 1917, with the exception of weekly drills, no military training was given to the enlisted men until the mobilization after which they spent two weeks at their improvised camp, "Edward H. Continued on Page 2.

SEPTEMBER 5 MAY BE REGISTRATION DAY

If Congress Heeds Plea of General Crowder, All Between 18 and 21 And 32 and 45 Will Register

NEEDED FOR OCTOBER CALLS

(By United Press.) Washington, August 5.—September 5 next will be registration day for 13,000,000 Americans between 18 and 21 and 32 and 45 if congress heeds the urgent plea of Provost Marshal General Crowder. Leaders are getting under way for speedy passage of the bill introduced today in the house and senate. Crowder's warning that registration should not be delayed beyond Sept. 5 if the calls for October, November and December are to be met out of Class I, caused house and senate to consider reconvening both houses next Monday to begin work on the bill.

Senator Chamberlain, chairman of the senate military committee, announced that his committee would begin work on the bill at once. Though opposition will develop against the measure, particularly in the senate, as to lowering the ages below 21, there is a general feeling that there will be far less fight than was generally expected.

RESPONSIBILITY OF TEACHER TOPIC

Dr. L. E. York of Massillon, O., Addresses Opening Session of Rush County Institute

PREPARE FOR EFFICIENCY

Instructors Must Perfect Spiritual, Mental and Physical Side—Dr. Nadal Speaks

The "getting acquainted" session of the Rush county teachers institute which marked the initial meeting of the week was held this morning in the sheriff's department of the court house.

The unusually large attendance and the buzz of enthusiasm which marked the opening session was most gratifying and before the close of the morning session, the interest in the program had gathered such momentum that, despite the hot weather, both teachers and institute instructors are looking forward to a week without a lagging session.

The great responsibility which rests on each teacher was the keynote of the first lecture of the morning which was delivered by Dr. Lewis Edwin York, superintendent

APPROPRIATION DOES NOT SPECIFY PURPOSE

Petition to Buy Fair Grounds as County Hospital Site Not Included in the Records

BOARD TO INSPECT THE LAND

The total proceeds of the sale conducted Saturday by Charles A. Frazee, receiver for the Rush County Fair association, amounted to approximately \$8,650, including the \$8,500 paid by the county for the fair grounds. The other things sold consisted of chain used for hitch-racks and galvanized tanks.

The commissioners will go to the fair grounds Thursday to inspect the county's new property and will be entertained at dinner at the county poor asylum, which adjoins the fair grounds.

The appropriation made by the county council did not specify for what purpose the ground was purchased. The petition presented to the commissioners, asking them to buy the ground as a site for a county hospital, was not included in the records because it is not definitely determined that a hospital shall be built, though it was the agitation for a hospital site which resulted in the county buying the land.

CHAUTAUQUA BEGINS WITH BIG CROWDS ATTENDING ON SUNDAY

STRAIGHT AHEAD IS NEAREST WAY

Only Road to Peace is One We Are Following, Declares W. J. Bryan at Chautauqua

TIME FOR DISSENTION IS OVER

Says American People Can Not Afford to Allow Manufacture of Liquor to go On

"I do not know when the war will end," said William Jennings Bryan at the chautauqua Saturday night, "but I do know the only road to peace is the one straight ahead. There was some difference of opinion about entering the war, but once entered, the time for dissention among the American people has passed."

Thus did the one-time secretary of state in President Wilson's cabinet sum up his thirty-minute discussion of the war preceding his lecture on "The Prince of Peace," a lecture he has delivered hundreds of times.

Mr. Bryan was late in arriving, having missed a train at Bethany Park where he spoke in the afternoon. He rode to Indianapolis in an automobile and came here on an interurban car, reaching Rushville at 8:20 o'clock.

Mr. Bryan called attention to the difference in the forms of government here and in Germany, one being the very opposite of the other. He contrasted the equality of opportunity in America with the castes which prevail in the empire ruled over by the kaiser.

"Because of all other reasons," continued Mr. Bryan, "because we want to commend our forms of government to the generations that are to come, we can't afford to have the historians write that an autocracy could marshal his forces quicker than a republic."

The speaker outlined three divisions of the American people, the first one the executive and legislative branches of the government. In the second group he placed the men who are fighting for their country and in the third, the remainder of the people.

"The first duty of the people," Mr. Bryan declared, "is to stand squarely behind the president and congress and support our government. We should not only support all organizations to make the life of the soldier and sailor more pleasant, but we should also nourish their spiritual self. One of the elements of our strength is the moral conduct of our soldiers and sailors."

"We are also called on to produce and conserve food. I can not leave this branch of my subject without protesting against the use of food-stuffs for the manufacture of intoxicating liquor. We can not afford to allow this to go on when we are called on to save food for our soldiers and our allies."

"When we oppose the manufacturers of liquor, we are fighting the most militant foe in the world, and we cannot afford to allow them to decrease the strength of our fighting forces and weaken our forces at home."

MUSICAL PROGRAM TONIGHT

Grenadiers, Composed of Nine Young Men, Will Give Concert Cancelled Engagement Filled

Tonight
7:45 p. m. Prelude—The Alice Schrode Co.
8:30 p. m. Concert—The Grenadiers.

Tuesday, August the Sixth
2:00 p. m. Concert—The Chautauqua Preachers Quartet.
3:00 p. m. Lecture—Edmund Vance Cook.
7:45 p. m. Concert—The Chautauqua Preachers Quartet.
8:30 p. m. Lecture—Chief Caupolican.

Wednesday, Aug. the Seventh
2:00 p. m. Concert—The Rodeheaver Party.
3:00 p. m. Lecture—Judge Harrison E. White.
7:45 p. m. Concert—The Rodeheaver Party.

The Rush county chautauqua was well under way at the coliseum today, with the preliminaries out of the way and prospects for a week of entertaining and instructive programs.

Although beset with difficulties, the program committee ran off the programs in good fashion yesterday and large crowds at both the afternoon and evening sessions were well pleased with the start made. As is the history of the Rush county chautauqua, however, the programs get better as the assembly progresses and many good things are in store for those who plan to attend regularly.

Although one lecturer has cancelled his engagements, the committee believes that it will emerge from the rather difficult situation with flying colors. The cancelled engagement has been filled.

Dr. William P. Peirce, who was to lecture on the work of the Red Cross Wednesday afternoon at three o'clock, has cancelled his engagement because of injuries sustained in an automobile accident recently, and Harrison E. White, judge of the Colorado supreme court, who is equally well qualified to speak on the subject, has been secured to appear at the same time.

The Alice Schrode company, headed by the little twelve-year-old reader and impersonator, gave the prelude this afternoon and will appear again this evening at 7:45. E. W. Nadal, former Rush county man and teachers institute lecturer, was to speak this afternoon at 2:45 on the subject, "The New Patriotism," and a concert by the Grenadiers was to follow.

The Grenadiers have come to the chautauqua, highly recommended. They are a musical organization of nine young men with plenty of pep.

Farmers, Attention!

United States Government Money Available to You at 5 1-2 Per Cent

Interest for a period of 5 to 40 years to suit the borrower. A loan that never has to be renewed but the small annual payments cancel both interest and principal. Can be paid off before termination of loan period and any time in event farm is sold. Why pay two and three per cent commission when you borrow \$10,000 from the government for \$50.00. Come in and see us before you make your loan.

Rush County N. F. L. A.

ADMINISTRATOR'S

Sale of Personal Property!

Notice is hereby given by the undersigned, administrator of the estate of Bert P. Leisure, deceased, that on

MONDAY, AUGUST 26, 1918

beginning at 10:00 o'clock a. m. on the premises, he will sell the personal property of said decedent at public sale. Said sale will be held at what is known as the John Conaway farm, 3 miles north of Arlington, on the Arlington and Carthage pike, 4 miles south of Carthage.

The property to be sold includes the following:

8 Head of Horses

One team of sorrel draft geldings, 3 and 4 years old, well broke, weight about 2800 lbs.; 1 brown mare, 12 yrs. old, wt. about 1100 lbs. bred, season to follow colt, good farm animal; 1 brown mare 6 yrs. old, good worker, extra fine animal, weight about 1400 lbs.; one brown mare, 6 years old, weight about 1600 lbs., bred, season to follow colt; one bay filly 3 years old, sired by Western Horseman, broke to halter; eligible to register; 1 dark bay 2-year-old filly, general purpose, unbroke; 1 gray filly, yearling, draft, good animal; 1 weanling draft colt, good prospect.

7 Head of Cattle

3 Shorthorn milk cows; all will be giving milk by day of sale, ages 12, 4 and 2 years, extra good quality. 1 Jersey cow, good milker, 4 years old; 1 Shorthorn yearling heifer; 1 Shorthorn spring calf; 1 mixed spring calf.

33 Head of Hogs

9 brood sows, most of them due to farrow before day of sale; 24 spring shoats, weighing about 75 pounds.

CORN AND OATS—About 20 acres of corn in field. About 600 bu. oats. **IMPLEMENTS**—2 good farm wagons, mower, planter, 6 sets work harness, carriage and harness, spring wagon, wheat drill, new double disc harrow, Scotch harrow, spring-tooth harrow, roller, two one-row cultivators, two riding breaking plows, one walking breaking plow, hay rake, also one Davis acetylene plant in good working order, also a lot of single-trees, forks, garden tools, etc., too numerous to mention.

TERMS—All sums of \$5.00 or under, cash; sums over \$5.00 a credit until March 1, 1919, without interest, purchaser giving note with surety as provided by law.

JOHN J. CONAWAY, Administrator.

Lunch by Ladies of Hannegan Church.

Everett Button, Auctioneer.

Dowagiac Steerable One-Horse Disc

Each disc has independent up and down motion with spring pressure—the only way for uniform depth on uneven ground. A variable side clevis hitch overcomes any side draft there may be, which is slight. With the convenient lever all discs are lifted when turning or transporting the drill to and from the field.

COME AND SEE IT.

CO. B MOBILIZED

YEAR AGO TODAY

Continued From Page 1

Wolfe.

Today while "mobilization day" is being observed throughout the state, although no public demonstration was made of the anniversary here, the thoughts of local people have turned to the scenes of a year ago when the streets were filled with Rush county boys, attired in all the glory of their newly donned khaki, impatiently awaiting the call to entrain for a military training camp, with the same spirit with which they are now awaiting a call for overseas duty, since they have practically completed their training course.

Capt. John H. Kiplinger who led the company into camp here and again into the Mississippi camp, has left the organization which was since transformed into an artillery unit and more than a score of the old B company members are already in active service in France. The bulk of the unit, however, attached to batteries A and B and to the headquarters of the 139th field artillery are still in training at Camp Shelby.

Day Observed in State

Indianapolis, Ind., Aug. 5.—"Mobilization day" was observed throughout the state today. It was the first anniversary of the mobilization of the Indiana National guard units, most of which are now stationed at Camp Shelby.

In many cities mass meetings were preceded by parades of persons, organizations and companies having relatives, employees or members in the active service, carrying flags.

Governor Goodrich reviewed the parade in Indianapolis and later addressed the mass meeting on the

THE BEST PROOF

Given by a Rushville Citizen

Doan's Kidney Pills were used—they brought benefit.

The story was told to Rushville residents.

Time has strengthened the evidence.

Has proven the result lasting.

The testimony is home testimony.

The proof convincing.

It can be investigated by Rushville residents.

E. L. Hinkle, 815 N. Jackson St., says: "Sharp pains in my back radiated to all parts of my body and I was hardly able to walk. I couldn't rest well, owing to my kidneys acting irregularly. I found no relief whatever until I began using Doan's Kidney Pills. Nine boxes of Doan's entirely cured me and made me feel like a different man. The terrible pains in my back left me and my kidneys again acted regularly."

MORE THAN FIVE YEARS LATER, Mr. Hinkle said: "The cure Doan's Kidney Pills made for me is still lasting. I never have anything more serious now, than an occasional tired feeling across my back. A few doses of Doan's soon fixes that up."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hinkle had. Foster-McLure Co., Buffalo, N. Y. (Adv.)

the public schools of Massillon, Ohio, and the Indiana teachers who will deliver daily addresses before the teachers.

"We must prepare for professional efficiency," declared the speaker in opening his address, "by taking such steps as to make the school life of the pupils worth while, and this can be done only when the spiritual, mental and physical preparation of the instructors has been perfected."

"Students must never feel for a moment," emphasized Prof. York, "that the interest of the teacher in their personal welfare is lagging. There must be that vitalic co-operation between student and instructor which will display a feeling of comradeship between the two factors, if the teaching as well as learning conditions are to be all that is desired."

The aptitude of the teacher for vicariousness was declared by the instructor to be the keynote of a successful profession. "There must be a sympathetic understanding between both parties concerned if the conditions are to be good. There must be an attitude of co-operation by which the teacher is able to place himself in the place of the student and through that imagination see the world in the eyes of the student," said Mr. York.

"It is important that we know people," he stated, "but it is much more important that they know us. We must study them and be able to see the world through the eyes of others but at the same time, if we wish to get the most out of life, we must allow ourselves to be known. It isn't the man or woman who is too timid to raise a voice who succeeds in the world today. They are like the proverbial flower which is born to blush unseen and to waste its sweetness on the desert air."

The meeting was presided over by C. M. George, county superintendent, and at the opening of the session a short address was delivered by A. M. Taylor, secretary of the chautauqua. Following the address of Mr. York, Dr. Thomas W. Nadal, a former Rush county man, delivered an address and Miss Edith Rhelts representative of a phonograph concern demonstrated the use of the machine in the school rooms and the amazing results which have already been obtained in the musical education of the children by the use of the records.

Circle.

The observance was given added significance by the fact that the first August movement of drafted men got under way today and during the next five-day period more than 1,000 men will go from the state to various camps. The majority are being sent to Fort Thomas, Ky.

Besides this number going into active training for regular army service, about 500 entrained for various vocational education schools in the state to start on their course of special training for work in mechanical lines.

STRAIGHT AHEAD IS NEAREST WAY

Continued From Page 1

strong, is as guilty as a German spy," asserted the speaker with some emphasis, referring to a petition from the people of Rochester, N. Y., to have removed from the gates of an aviation camp at Rochester, three saloons which had been established there.

Mr. Bryan predicted the closing of saloons, breweries and distilleries, to open no more, in a year and eight months, by the amendment of the United States constitution. He went into detail concerning the ratification of the amendment by the states, showing that more than half of the necessary number of states are now certain to ratify the amendment.

"No matter how high the taxes are, no one should complain," declared the speaker in discussing the financial program of the government. "No tax, no matter how high, can be as dear as the life of the boy which is laid down for his country."

Mr. Bryan made a plea for the purchase of Liberty Bonds and War Saving Stamps.

ENLISTS IN ARTILLERY—John Arnold Gardner has enlisted in the heavy artillery and will go to Jefferson Barracks, Mo. Wednesday.

This Is the One Week

of the year when Rushville ladies would like to have themselves of all housework possible. We can help you do this so far as your meals are concerned.

Our store is full of dainties that require no cooking. You can prepare a full meal in a few minute's time with a minimum amount of work and expense, with maximum results so far as a satisfactory meal is concerned.

LET US MAKE A FEW SUGGESTIONS—

Soups, all kinds, wafers, olives, potted meats, including chicken, ham, and veal, salmon, tuna, sardines, boneless herring, peanut butter, baked beans, jams, jellies, preserves, apple butter, Yatch club or Premier salad dressing, potato chips, sandwichola, boiled ham, minced ham, drier beef, sweet, sour and mixed pickles, fancy eating apples, peaches and plum, Cligot Club ginger ale, grape juice and Apello, Stone's Liberty cake—five kinds.

Make This an Easy Week by living out of a tin can.

Put a Beautiful Sedan Top

On your open car and have a fine closed model.

You can make your car as luxurious, snug and charming as a costly new closed car.

Anchor Tops are glass inclosed, interior beautifully lined with attractive whip-cord—nothing more serviceable. Handsome dome light adds real elegance.

If you own a Dodge, Buick, Overland, Oakland or Ford let us show you how to make it give more real service, comfort and style than even when new.

Edwards Automobile Co.

Public Sale of Hogs

I, the undersigned will sell at Public Auction at the George Smalley Livery Barn in East Second Street, Rushville, Indiana, on

THURSDAY, AUGUST 8, 1918

SALE TO COMMENCE AT 1:30 P. M. SHARP.

175 - Head of Hogs - 175

Consisting of

20 registered and eligible to register Durocs; 5 head eligible Male Pigs, weighing 125 pounds and better; 6 head of gilts, mates to male pigs; 2 head of registered Duroc sows, one with pigs at side.

Balance of consignment consists of feeding hogs, sows with pigs, sows ready to farrow.

If you are in the market for high class feeding stock and brood sows you should attend this sale. You will find this stuff equally as good or better than represented.

TOM LACY

An Engine Is No Better Than Its Cylinders and Pistons

You don't have to send your Ford out of the City to have it Re-bored.

Having recently installed in our shop a new machine for re-boring Ford motors we wish to call your attention to the fact that we are now prepared to re-bore and fit new over-size pistons and rings in your Ford motor.

These are the results you obtain by re-boring

You increase power from 10 to 50 per cent.
You eliminate that elusive knock.
You stop the escaping gas around piston rings which abnormally heats the crank case.
You stop the admission of auxiliary air past the piston rings which dilutes the mixture.
You use less lubricating oil.
You use less gasoline.
You drive slower on high gear.
You take hills with perfect ease and grace.
You attain greater speed on level.
You eliminate the over-heating.
You stop fouling your plugs.

Our Price is Reasonable.

Bring in your motor and let us fix it up.

William E. Bowen Garage

Emphatically Asserts Worn Out, Lagging Men Can Quickly Become Vigorous and Full of Ambition

7 A DAY FOR 7 DAYS

Don't blame the man who is perpetually tired; his blood needs more red corpuscles and his brain and nerves are craving for food.

Given the right kind of medicine, any tired-out, inactive, lagging fellow can quickly be made into a real live, energetic and even ambitious man.

So says a student of the nervous system who advises all men and women who feel worn out and who find it hard to get up ambition enough to take a regular job to get a package of Bio-feren at any drugist.

This is the new discovery that pharmacists are recommending because it is not expensive and speedily puts vigor and ambition into people who desired of ever amounting to anything in life.

People whose nerves have been wrecked by too rapid living, too much tobacco or alcohol, have regained their old-time confidence and energy in less than two weeks.

No matter from what cause your nerves went back on you; no matter how run down, nervous or tired out you are, get an original package of Bio-feren at once. Take two tablets after each meal and one before bedtime—seven a day for seven days—then one after each meal till all are gone.

Then if you still lack ambition; if your nerves are not steady and you haven't the energy that red-blooded, keen-minded men possess, your purchase money will be gladly returned.

Notes to Physicians: There is no secret about the formula of Bio-feren. It is printed on every package. Here it is: Lecithin; Calcium Glycero-phosphate; Iron Peptonate; Manganese Peptonate; East Nux Vomica; Powdered Gentian; Phenolphthalein; Oleoresin Capsicum; Kola.

UNCLE SAM

Wants Your Scrap Iron Now

On account of the shortage of scrap iron it is necessary for all householders, farmers and everyone to gather up their scrap and take it to the scrap yard.

In order to successfully prosecute the war it is necessary that this be done at once, so that the scrap can be moved during the summer when the traffic situation will be in better shape than it will be later on.

BRING YOURS NOW.

LIBERTY LOAN CONVERSION

All holders of Bonds of the First Liberty Loan, the First Liberty Loan converted, or the Second Liberty Loan may at any time between now and November 9th, 1918, convert them into Bonds bearing 4 1/4% interest, running for the same number of years.

As this process of conversion, on account of its magnitude, will likely require some considerable time, we would suggest that those who wish to convert, leave their Bonds with us for this purpose within the next sixty days.

Receipt will be given for all Bonds left for conversion, and no charges will be made for our services in this connection.

Quentin Roosevelt

In the last two or three weeks the name of Quentin Roosevelt has sounded loudly in our ears. Beyond the prejudices born of political creeds, we see in the death of this young aviator a significance which is neither modified nor emphasized by our mental attitude toward the policies which we have learned to correct irreparably with the Roosevelt name.

Democracy offers to its leaders no immunity from personal obligation for themselves or for their children, nor can any man here accept it as a perquisite of high office. The Roosevelt family is well trained in this school, and it is with pride that we point to a quality in our national made-up which we share with those other democracies on whose side we fight. The number of deputies elected to the French Chamber who have fallen in battle furnishes a roster which would be appalling, were it less glorious; and the same condition exists in England, which is a republic in everything but name, with the title of King preserved as a mediæval survival to be used occasionally as a rubber stamp. Two of England's ex-premiers have lost sons on the battlefield, and both houses of Parliament have seen among their own ranks how great a price in human life must be paid for the perpetuation of the democratic principles.

But are there any gaps yet made in the family of the Potsdam despot?

Sanity in Conservation

Warning against the improvisation of containers to the extent that rusty and leaky ones will be used, even though paraffin and wax are brought into use to seal the top, in the conservation of fruits and vegetables, is issued today by Dr. Harry E. Barnard, federal food administrator for Indiana.

Dr. Barnard recognizes the importance of conserving tin, of which there is a pronounced shortage in the United States. The fact that it is necessary to import the raw material for the manufacture of tin containers from abroad, risking the submarine peril and at the increased ocean freight rates; that the demands upon the steel mills by war munitions contracts are insistent and overwhelming, and there is ever present the danger of labor and transportation difficulties; that there is an unprecedented demand for cans by commercial and home canners—altogether a serious situation, is not sufficient to warrant a risk of loss, he says, through the use of defective or unsatisfactory glass jars or other means of conservation.

Housekeepers are urged to use glass for fruit juices and open-necked bottles for such fruit and vegetables as may be preserved in them, without inviting deterioration or decay. But they are advised to exercise caution and always when in doubt, make certain that their efforts shall not be wasted through inferior or unsatisfactory materials.

Barrage

To The Rhine!

By CHARLES B. DRISCOLL
On to the Rhine, to the Rhine, to the Rhine!
With the Hun on the run from the Hindenburg line,
O Sammy boy, isn't victory fine!
I can see in your eyes the ineffable shine
Of a vision that sparkles like old Rhenish wine:
It's the Rhine, it's the Rhine; it's the old River Rhine!
Ages behold your accomplishments bold,
And your story of glory will never grow old:
How the conquering Huns back in terror you rolled,
To the children of freemen will ever be told;
Yours is an honor that cannot be sold,
And cannot be bought with an ocean of gold!
Then on to the Rhine, to the old River Rhine,
When the stars in our banner like jewels shall shine!

THIS DAY IN THE WAR

Aug. 5, 1917

Canadians advance near Lens. Kerensky issues another manifesto, declaring he thinks he will retain his office as premier.

Aug. 5, 1916

Russians take 1,200 prisoners south of Brody. British repulse Turks near Suez canal.

Aug. 5, 1915

Germans are within 10 miles of Riga.

Aug. 5, 1914

Belgians repulse German attack on Liege. Kitchener made British secretary of state for war.

"Made in Germany"

It has frequently been suggested that the formerly common trademark on manufactured products, "Made in Germany," should be made to read "Made in Hell," but if the hardware manufacturers of the United States have anything to do with it, they are going to see that the "Made in Germany," sign is forever erased from products used in America.

A recent article in the Hardware Age points out that it rests largely with the buyer whether the eradication of German-made things can be accomplished. The war has taught us that we can make equally as well many things which we once thought could be bought only in Germany. This is notably true of cutlery. Since the importation of German goods has been stopped, American cutlery manufacturers have greatly increased their output and the people of the United States are being as well supplied as before.

The point is, don't buy it if it's labeled "Made in Germany," and after the war, the Huns will not find the market they once had for their goods here.

Three men have just been arrested in New Jersey for trying to blow up munition plants. Two of them were caught red-handed, yet all three have been granted bail. The bail is, of course, heavy but when a miscreant is caught in the act it seems hardly logical to grant bail at all. There is always unlimited pro-German money ready to guarantee the re-appearance of the accused, and those who furnish it consider the offer an act of patriotic sacrifice. There is a possibility that injudicious leniency might tend to encourage further acts of sabotage.

Notice

To Nervous Women
Mrs. Seibert Tells How You Can Overcome Nervous Conditions

Louisville, Ky.—"I suffered badly from nervousness, a run-down condition, no appetite and pains in my back—until I just had to give up. A friend told me about Vinol and I felt better after taking the second bottle. Now I have a good appetite and am feeling fine, strong and healthy in every way."—Mrs. I. P. Seibert.

The reason Vinol was so successful in Mrs. Seibert's case, is because it contains the very elements needed to build up a weakened, run-down system, make rich, red blood, and create strength. F. B. Johnson & Co. and Drugists Everywhere. (Adv.)

"A. B. A." Cheques level the way for the traveler

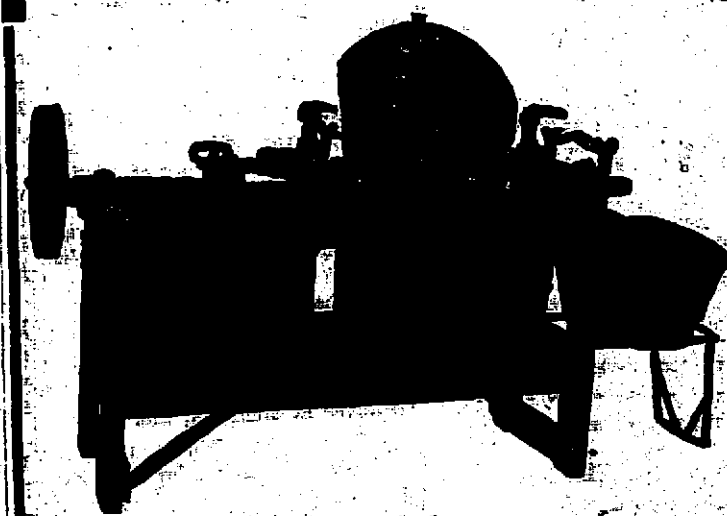

These Cheques are particularly convenient for the motor tourist. Since they are accepted like cash by hotels, auto supply dealers, merchants and railroad companies, in payment of bills and services, the owner does not have to wait until banking hours before using them. The only identification needed is the countersignature of the owner in the presence of the person accepting the Cheques.

Chautauqua Begins With Big Crowds Attending on Sunday

Continued From Page 1

and vim in their numbers. The size of the company makes possible a wide variety of solo, duet, quartet and ensemble numbers. Patriotic renditions characterize their programs this year, and there is every reason to believe they will be the most popular musical company ever here.

On top of two cancellations, the program committee received word yesterday afternoon after the program started that the Alhambra players and Mme. Edna Swanson Ver Haar and her soloist, were stranded in Center township in an automobile truck. They had come from Piqua, O., expecting to take the Big Four train at Knightstown, due here at 12:25. They found on arriving at Knightstown that the Big Four train did not run on Sunday and hired a motor truck, only to have a break-down.

An automobile was sent from here and brought back in a hurry. Mme. Ver Haar, her accompanist, Prof. W. H. Head of the Alhambra players and another member of the company. In the meantime, L. W. Rawlings, of Indianapolis, formerly of this city, entertained the audience with a group of violin solos. Mme. Ver Haar then sang and Prof. Head read "Pilgrim's Progress," which closed the afternoon program.

The popularity of Mme. Ver Haar was attested when she appeared in the prelude last night. She was called back several times, the audience applauding with more enthusiasm every time. Mr. Rawlings also played in the evening prelude.

As the main part of the night program, the Alhambra players presented the drama, "The Book of Job," appearing in full costume typical of the time when the action took place. The drama was spectacularly produced, and the players were assisted in one scene by the following Rushville girls, who appeared as dancers:

Josephine Scholl, Florence Fleehart, Marguerite Kelly, Jean Sparks, Virginia Haydon, Joan Weakley, Ruth Kennedy, Helen Thomas, Marjorie Clark, Leatha Higgins, Frances Bowen and Janet Dean.

Especially credit is due Miss Allene Budd, who drilled the girls, and Miss Jean McClannahan, who played the accompaniment on the piano for the dances.

United Press war bulletins will be posted on the ticket office at the Chautauqua grounds this week through the courtesy of the Daily Republican.

That lone tent in the city park looks lonesome. It is not understood why the camping feature of the Chautauqua was never taken up by Rush county people as elsewhere. It is the rule that the Chautauqua is made an occasion for a vacation in other cities and the camping is a very pleasant diversion.

The confusion which existed in the coliseum last night was probably the worst ever noted at any other session of the assembly here. The fact that the Alhambra players had to stop in the midst of the play to correct some children on the front rows is little short of disgraceful and is a very good warning to parents who allow their children to run at will about the coliseum. There are plenty of grown people who could likewise take the advice about talking during programs. If they are not interested, they have the privilege of leaving the building, and then they will not disturb others who really want to hear. A more strict enforcement of the "quiet zone" rules about the coliseum would also be helpful.

Undoubtedly people will miss two very rare numbers if they do not attend the Chautauqua tomorrow. Edmund Vance Cook, the noted poet and philosopher, will lecture at three o'clock and Chief Canpolican, the South American Indian, will speak at 8:30.

The usual preliminaries were conducted yesterday afternoon, the Rev. L. E. Brown pronouncing the invocation and T. M. Green, the president of the association, making a few remarks regarding the opening of the assembly.

Amusements

"The Great Adventure," in which Bessie Loye is featured, will be the attraction at the Princess theater tonight. Miss Loye appears as a young girl with ambitions to make good on the stage, and the way she climbs the ladder, beginning as a chorus girl, is a basis of an unusual and interesting story. Julian Eltinge, the celebrated woman impersonator, will be here tomorrow evening in "The Clever Mrs. Carfax" and on Wednesday Mabel Normand will appear in "The Floor Below."

Telephone Your Ads---2111

This page is read eagerly by over 5,000 readers daily. It is invaluable for merchants, farmers, professional men and all progressive people.

OUR RATES

All Advertisements, except display, are charged for at the rate of one-half cent per word for each insertion. The same Ad will be placed in the Indianapolis Star and Daily Republican at the combined rate of one and one-half cent per word.

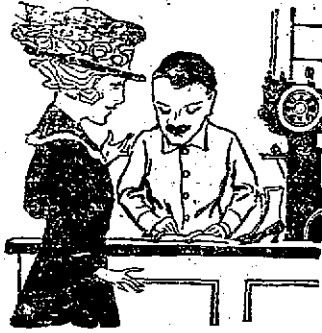

We earnestly solicit these advertisements by telephone and expect payment when the collector calls. Ads mailed in should be accompanied by the remittance, as the amount is generally too small to justify bookkeeping.

Cards of Thanks and Obituaries are charged for at the same rate, minimum 25 cents. No charge accounts opened.

CLASSIFIED ADVERTISEMENTS ARE NOT TAKEN AFTER 10:00 A. M. FOR PUBLICATION ON THE SAME DAY.

The final checking up of the proceeds obtained in donations on the quilt which was awarded Saturday afternoon at the Wyatt store shows that the girls realized \$68.60, which they will turn over to the local chapter of Red Cross. Miss Jean Herkless received donations which

amounted to \$22.70: Miss Emily Mauzy, \$19.60; Miss Estella Poston, \$19.00; and Miss Clara Johnson \$7.30. The beautiful quilt was awarded to Miss Elinor Kiser, of St. Louis, granddaughter of Mayor A. B. Irvin.

Mr. and Mrs. V. N. Ripberger of Counnersville were the dinner guests of Mr. and Mrs. Jacob Meyers in North Arthur street, yesterday.

A picnic party composed of Miss Reba Miller, Miss Fay Westerfield, Earl Owens and Clarence Seull of

Because it was their first offense and the offenders were not believed to be entirely responsible for the theft, Jesse McFarland and Leland Snyder who were arrested yesterday, were released this morning following investigation by the police.

The boys were arrested following the filing of an affidavit by Mrs. Kate Clevenger charging the boys with the theft of a watch and a revolver from her home in West Tenth street. The stolen articles were found to be in their possession and were returned to the owner after which the defendants were released from jail without fine.

According to their story, they visited the home of the plaintiff in the afternoon and finding no one at home left with the two articles in question in their possession.

Milroy motored to Shelbyville and Flatrock Cave and spent Sunday. The guests enjoyed boating, bathing and dancing during the day, and a splendid picnic dinner was served at noon.

Mr. and Mrs. Jessie Hyatt entertained at their country home, southeast of Milroy, Sunday with a well appointed dinner party. The table was beautifully adorned with pausies when the dinner was served at noon to the following guests: Mrs. Jennie Robison and daughter Doris of Fresno, Cal., Miss Emma and Miss Hattie Benfield, Mrs. Frances Whitaker, John Benham of Beham, James Benfield and sons Holland and Harold of Rexville, Miss Ora Wooley of Os-good, Mrs. Flora Jackson and daughters Myrtle and Nora, Mr. and Mrs. Nowal Hudson and children and Mrs. Bell Lawson of Rushville. In the afternoon the guests were entertained with games and music.

The annual Matlock reunion was held at Garfield park in Indianapolis yesterday, when members of the family were entertained during the day and a splendid picnic dinner was served at noon. Guests from here attending the affair were Mr. and Mrs. Dan Matlock and daughter Helen, Mr. and Mrs. Noah Matlock, Mrs. Maxie Bates and daughter Bessie Bates, E. A. Lee, Mrs. William Alexander, Miss Nannie Alexander, Miss Laura Alexander and Mrs. Anos Blackledge and children.

The regular meeting of the W. R. C. penny social will be held tomorrow afternoon at the home of Mrs. Randall Beck in West Third street, when the assisting hostesses will be Mrs. Marshal, Mrs. Mattox, Mrs. McMahon and Mrs. Worthington.

Mr. and Mrs. Edd Miller, son Carl and daughter Ruth, motored to Indianapolis and Fort Benjamin Harrison yesterday and spent the day. The party enjoyed a delightful picnic dinner, which they spread on the grounds at the Fort.

Mr. and Mrs. Sam Anderson and children of Clarksburg were the dinner guests of Mrs. Amelia McGee yesterday at her home in North Morgan street.

Mr. and Mrs. Charles J. Caron received the news simultaneously that one of their boys, Lester, Company I, 4th regiment, M. S. S. C., had arrived safely in France, and that their other son in the service, Jerome, Company K, 30th regiment, was seeing active service in the trenches. Lester was on the water three weeks. The letter from Jerome was the first news they had of him since he went into the trenches. He wrote the letter on his gas mask, he said, which was a misfit as a writing table. He is in a machine gun squad.

Washington, August 5.—Thirty survivors of the tanker O. B. Jennings, sunk Sunday about 100 miles off the Virginia coast by a U-boat, have reached Norfolk, the navy department announced today. The captain and 13 men are still missing.

A wireless call was received yesterday noon from the Jennings, stating that she was being shelled by

SAVE EGGS FOR NEXT WINTER
UNCLE SAM. in the Department of Agriculture Farmers' Bulletin No. 128 and "Back Yard Poultry Leaflet," highly recommends using **WATER GLASS EGG PRESERVER.**
 Water Glass (solution of sodium silicate) is easy to use and will keep eggs from six to ten months and, in some cases, even a year. Simply add water that has been boiled and cooled, 9 parts to Water Glass 1 part. Mix well and pour this solution in a stone jar having the capacity twice the volume of the prepared solution and place in clean fresh eggs, as obtained, being careful not to crack them. Do not wash eggs — it injures them. The solution should stand two inches above the top layer of eggs. Keep covered to prevent evaporation, and store in a cool place. Should any of the solution be lost through evaporation, it may be replaced by the addition of water that has been boiled and cooled.
NOTES
 Infertile eggs keep best.
 Be sure to use a good heavy grade of Water Glass. It should weigh 11 1/2 pounds to the gallon.
 One pint of Water Glass will preserve about 8 dozen eggs.
 Before boiling preserved eggs, prick a tiny hole in the large end of the shell with a needle to keep them from cracking.
 A fresh egg, when placed in plain water, will sink to the bottom and lie horizontal.
 A doubtful egg will stand on end or float.
 A bad egg floats.
 You can save fresh eggs for winter use for 3 cents a dozen.

DOUBLE HOUSE IS DAMAGED BY A FIRE
 Fire which is believed to have originated from the sparks of a passing train on the Big Four Saturday evening, resulted in \$400 damage at the homes of Frank Farley and John Shockley in West First street. The fire was discovered about five o'clock and although the fire department was summoned immediately the flames had already gained such headway that the entire roof on the double house was destroyed. Most of the furnishings in both sides of the house was saved, the damage which was done resulting from water. The Hasher grocery on the west side of the burning residence, caught fire but the flames were extinguished before any material damage was done. The loss was entirely covered by insurance.
